

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS AIR FORCE FLIGHT STANDARDS AGENCY

30 Nov 10

MEMORANDUM FOR NAWC-AD CODE 4583
ATTENTION: MR. RAYMOND FLEMING

FROM: HQ AFFSA A4/5/8
6500 S. MacArthur Blvd
Bldg. 4 Rm. 240
Oklahoma City, OK 73169

SUBJECT: ANPC Document 300-00038, TLS Flight Inspection Procedure

Headquarters Air Force Flight Standards Agency (HQ AFFSA) has reviewed Advanced Navigation and Positioning Corporation's Transponder Landing System Flight Inspection Procedures Document (Document # 300-00038 Rev A). We have also coordinated the document through the Federal Aviation Administration's flight inspection office. HQ AFFSA approves its use as the standard by which the Transportable Transponder Landing System will be flight inspected for Category I precision approach performance. The Air Force understands that it may forward this document to applicable flight test personnel within the agency for the above anticipated usage.

A handwritten signature in cursive script, reading "James B. Roberts", is positioned above the typed name.

JAMES B. ROBERTS, GS-15, DAF
Director, Requirements and Sustainment
